3143AS ALL STAINLESS COLLAR LEAK

Sch 40, API, EUE, SDR 26 and PIP = Plastic Irrigation Pipe.

PowerSeal Collar Leak Repair Clamps provide a simple and permanent repair for leaking Solvent Weld PVC Bells and Collars as well as threaded Steel Pipe Collars. Since Collar Leak Clamps are designed to seal on both the outside diameter of the pipe and the leaking collar or bell, it is important that the proper clamp is ordered. These repair clamps are not recommended for leaking Push-On-Joint (gasketed) Bells.

HOW TO ORDER: Specify Model Number, Pipe Size with Collar Type, and Width. EXAMPLE: 4" Steel O.D. 4.50 with 6" wide Schedule 40 Collar. Order 3143AS - 4" Sch 40 x 6. **Part Number:**3143040060JA.
