Re: Freight Terms Adjustment

Following our recent price increase announcement at this time again due to matters out of our control, we must announce a change to our freight allowance policy. Effective August 1st we are moving our minimum dollar amount of goods for a freight allowed shipment to \$6,000. If you have recently been given a revised discount structure, please make note in this regard of this change from our previous \$3,500 amount.

Best regards,

A handwritten signature in blue ink, reading "Steve Kilcrease", is positioned above the printed name.
